

# The Anger Syndrome

Ad Hominem

I shall execute  
Those who betrayed  
The non-believer  
A monumentum of sin  
And lucid heresy

Desecrate all icons  
Conflicting faces to freedom  
One unique ending: Death  
Thousands of years  
Of miserable existence

Faith is the guide of mediocrity  
Symbol of the foolish human mind  
Hope as a leader for the weak  
Eternity awaits in earth and rot

I am death's prophet  
Pure and unattainable  
Standing against you worms  
Alone and strong

When the skies turn black  
And your temples collapse  
When dogmas fall aprt  
The antitheist  
Shall be crowned

Impious sacrament
