

Don't fall for it  
Don't fall for it  
Don't want to be like that  
Don't want to look like you  
Top Gun Top Gun  
It's a big con big con

Get your kids out on the street  
Show them how to use those feet  
I'm all for progress pretty please  
If we're not careful we'll all end up  
Right wall-ees

Well got your laptop  
Good for you  
Your knight in shinning armour  
Promises a future  
I'll be a dinosaur baby  
And bollocks if it don't suit ya

I'm tired of your shit  
Tired of your bullshit  
Tired of you

Tired of your shit  
Tired of your bullshit  
Tired of you

Here we go  
Another revolution  
Hippy breadheads  
And their geeky solutions
