

I Found A Boy

Adele

A **E**
I thought I told you, he'd be home soon
A **E**
Couldn't help myself, you're too good to be true.
A **E**
I fall short each time, every time he ain't here,
A **E**
You and your charm creep closer, closer in here.
F#m **D**
Like a fool for fire I fall, with my pride and all.
B7
Like a bomb before explosion,
E
Ticking by your call.
A **E**
You're the wiser one, disguised from greed,
F#m **D** **E**
And I'm just a child who belongs on her knees.

Chorus:

D **C#**
But I found a boy who I love more,
F#m
Than I ever did you before,
D **C#**
So stand beside the river I cried,
F#m **D** **Bm**
And let yourself down.
A **E**
Look how you want me now that I don't need you.
A **E**
So, you thought that I would crumble to my knees
F#m **D**
At the first sight of you, crawling back to me
E **F#m**
To whisper 'will you leave your man?'
D **E** **A**
Cause you swore that this time you can stand by me.
E
I won't stand by you.

Chorus:

D **C#**
But I found a boy who I love more,
F#m
Than I ever did you before,
D **C#**
So stand beside the river I cried,
F#m **D** **Bm**
And let yourself down.
F
Look how you want me now that I don't need you.
Dm6
I ain't yours for no taking,
E
You must be mistaken
A

I could never look in your eyes, and settle for wrong

And ignore the right

Chorus:

D **C#**

But I found a boy who loves me more,

F#m

Than you ever did before,

D **C#**

So stand beside the river you'll cry,

F#m **D** **Bm**

And let yourself down.

A **E** **A**

Look how you want me now that I don't need you.
