

Million Years Ago

Adele

I only wanted to have found
Learning to fly learning drown
I let my heart decide the way
When I was young

Deep down I must have always known
That this would be in inevitable
To earn my strives after the pay
And bare my soul

I know I'm not the only one
Who regrets the things I've done
Sometimes I just feeling so limit
Who can stand in reflection that they see
I wish I could live a little more
Look up to the sky not just the floor
I feel like my life is flashing back
And all I can do is watch and cry

I miss you
I miss my freinds
I miss my mother
I missed it way

Life was a party to be through
But that was a million years ago

When I walk around all of the streets
Where I grew up and find my feet
They can't look me in the eye
This like they scared of me

I tried a thing, things to say
Like a joke or a memory
But they don't recognize me now
In my relived day

I know I'm not the only one
Who regrets the things I've done
Sometimes I just feeling so limit
Who never became who they told they'd be
I wish I could live a little more
Look up to the sky not just the floor
I feel like my life is flashing back
And all I can do is watch and cry

I miss you
I miss my freinds
I miss my mother
I missed it way

Life was a party to be through
But that was a million years ago

A Million Years Ago...
