

Get It On

Adelitas Way

I know I wanted you the moment that I saw your face
Pretty baby, maybe you could be my everything
Knew I was lucky when I saw you staring back at me
Nothing can stop it, we got it, it's in our energy

Wanna dance, wanna move
Wanna get right next to you
Wanna love, wanna touch

So let's get it on
Darlin' you look wonderful
Let's get it on
Girl I'm gonna make my move
Get it on

I was electric from the second that I felt your skin
You got me twisted, addicted and now I'm falling in
The way you're workin' that body, it's like a fantasy
I imagine the ecstasy of you sexing me

Wanna dance, wanna move
Wanna get right next to you
Wanna love, wanna touch

So let's get it on
Darlin' you look wonderful
Let's get it on
Girl I'm gonna make my move
Get it on

Wanna dance, wanna move
Wanna get right next to you
Wanna love, wanna touch
Get it on

Wanna dance, wanna move
Wanna get right next to you
Wanna love, wanna touch

So let's get it, let's get it on
Darlin' you look wonderful
Get it on
Girl I'm gonna make my move
Get it on

You know you've got it
Come and get it baby
Let's get it on, on, on
Get it on

You know you've got it
Come and get it baby
Baby let's get it on, on, on
