

# Let It Come Down

Adhesive

You spout your rhetoric like a prophecy  
An ugly mess of ignorance and brutality

LET IT COME DOWN  
BURN YOUR VALUES TO THE GROUND  
LET IT COME DOWN  
THIS IS WHERE WE DRAW THE LINE  
LET IT COME DOWN

What you call pride, I call bigotry  
You're a spineless fuck searching for an identity

LET IT COME DOWN...

You're a mercenary in a fascist war  
Desperate because you know that things are falling  
What's next? Another bloodstained misery?  
I tell you things are gonna start moving, turning right against  
you  
Gonna turn right against you

You call for freedom, yet you discriminate  
Those who want no part in your spineless race of hate

LET IT COME DOWN...
