

Don't Wait Up

Adina Howard

This is for the ladies

Don't wait up for me, no ('Cause you know we do it just like the fellas)
There's really no need to (We 'bout to put it on lock)
He said he wants to freak me
So I won't be coming home tonight

I've been waiting all night long
Just to get my cuttin' on
Hope he's not hesitatin'
I really need some penetration (Awe shit)
I'm gonna call him up
Tooooo, stroke his lovin'
'Cause I really need to cum tonight (Tonight's the night)

Don't wait up for me, no (I ain't comin' home 'cause I need some)
There's really no need to (No no, you know what I'm talkin' 'bout)
He said he wants to freak me (I'm 'bout to wear him out)
So I won't be coming home tonight

I hope you brought your appetite
'Cause I want you to taste my pie (It's real sweat)
I can see that you like it tight
I can tell it in your eyes
Grab my legs turn me over
On my back, knees to shoulders
All night (You know how I do)
Gonna freak like it's hump day

Don't wait up for me, no (Don't wait up for me, mmmm)
There's really no need to (No no, no need)
He said he wants to freak me (He's comin' out his face talkin' dirty)
So I won't be coming home tonight

The sun is comin' up, and we're still up
And you're still strokin' (Strokin')
Got me wide open (Strokin' strokin' strokin')
You're still inside of me (Mmmm)
Turn me out
You got my body
Feelin' so weak inside (Don't wait up)

Don't wait up for me, no (Don't wait up for me)
There's really no need to (Ain't no need)
He said he wants to freak me (Do the damn thing)
So I won't be coming home tonight (Yeah, yeah, yeah, yeah)

Don't wait up for me, no (You won't be seeing me 'til tomorrow)
There's really no need to (Oh oh)
('Cause you know a freak like me has got to get her groove on)
He said he wants to freak me
(It's time to take my t-shirt and panties off)
So I won't be coming home tonight

Don't wait up for me, no (Mmmm not tonight)
There's really no need to (You can go ahead and lock the doors)
He said he wants to freak me (Mmmm mmmm)
