

## Hail to Majesty

Ador Dorath

Hail to Majesty  
Speak to us in a great movement of the sea  
Give us power  
Speak to us in a murmur  
Give us your wisdom  
High majesty who is mirrored in the depths  
Deep majesty who rises to the heights  
Lead us to immortality

Oh constancy and motion  
Day swathed in Night  
Darkness veiled in Light

Your breath gives and takes back form of everything  
You who fill the lives of the majestic  
And awake the shadown of the night  
You who fly on the wings of winds  
Neverending motion in eternal constancy

Oh you elevated in a changing empire of shadows  
Reflections and pictures  
Let a shadow become a body Let spirit become soul  
Let dream become thought
