

# The Flower Of Death

Ador Dorath

Paranoia looks on the world around... The one who got lost in a desire for power... The knight that rides in leaps and bounds. .. He's the breeze that turns on a severe storm.

He's the sword and the paper shield... The knight that doesn't care of the others... He's the reason and He's the cause... He's the sword and a paper shield in someone else's hands.

Intoxicated by the very opposite of love... Which he cannot understand.

Willing to sacrifice all but not himself.

Self-absorbed Colossus... He would sacrifice thousands for his sake.

Self-absorbed Colossus... He got lost in a desire for power. Driven by self-attraction... Immersed in doubt... Full of his own importance... So shy at first... Not able to identify feelings and needs of those around... They are just a tool of the trade ... No sympathy for others... Driven by self-attraction... Immersed in doubt... Full of his own importance!
