

## Farewell

### Adorned Brood

her love had left her lonely  
he went with the western wind  
on a boat that sailed for nowhere  
looking for new land.  
twenty fine young warriors  
went on board that day  
the girl was crying badly  
her love had gone away.

farewell, my love, farewell young warrior  
may the gods be with you as brothers of the sword  
farewell, my love, farewell young warrior  
I'll be waiting for you  
I'll keep you in my heart

the years went by and no one  
heard of the boat again  
the girl waited so long  
by the harbour until her end.  
she died sad and lonely  
the black death raged across the land  
her love returned the next year  
a broken man until this end.

farewell, my love, farewell young warrior  
may the gods be with you as brothers of the sword  
farewell, my love, farewell young warrior  
I'll be waiting for you  
I'll keep you in my heart

when the night is dark and cloudy  
there's a whisper in the wind  
a woman singin sadly  
'bout her love that had to end  
if you go down to the water  
and stay there for a while  
you may see the Vikings daughter  
a vision from the other side.

farewell, my love, farewell young warrior  
may the gods be with you as brothers of the sword  
farewell, my love, farewell young warrior  
I'll be waiting for you  
I'll keep you in my heart  
I'll keep you in my heart  
Farewell my love
