

# Sons of the Damned

## Adorned Brood

Brothers of Metal  
Your hands held high  
Brothers of Metal  
Thousand fists to the sky  
Side by side  
With iron and steel  
Side by side  
Fighting for Metal that is real

Sons of the damned  
Together we're strong  
Sons of the damned  
Together we're one  
Sons of the damned  
With the Gods on our side  
Sons of the damned  
(Let us drink to our Lord)  
We will win the fight

Metal is our Law  
Metal is our Life  
Metal is our Law  
Metal is our Life  
We stay together  
And show no fear  
For Metal  
We stay here

Sons of the damned  
Together we're strong  
Sons of the damned  
Together we're one  
Sons of the damned  
With the Gods on our side  
Sons of the damned  
(Let us drink to our Lord)  
We will win the fight

Sons of the damned, together we're strong  
(Let us drink to the sound)  
Sons of the damned, together we're one  
(Let us drink to our Lord)  
Sons of the damned, with the Gods on our side  
(Let us fight for Metal)  
Sons of the damned, we will win the fight  
(Sons of the damned)
