

Denial Of Salvation

Aeternus

for all the thousands i've killed for all the children i've tor
tured for all the souls i've burned hear a demons cry you carve
d into me the darkened lusts of my human sanity why me suffoca
tes the remains this i never desired see me free me unchain me
this life eternal is not what you spoke off why this horned,
grim face i want to be this cold, black body save me free me un
chain me set free i am a demon i serve the wicked now i must
return i'm trapped eternally to dimensions of rage - pain - war
- -hate where's my god
