

# I Loved You

Afromental

Move bitch cause I'm sick of that bullshit  
That you're tryin to pull  
I ain't no dumb, no fool  
So just try to stay cool  
Move cause shit from you I refuse  
My own path something I choose  
So no more feeling accused, confused

You!  
Nothing in you was true  
I tried but I had no clue  
That you're a lying actor  
Drama master, it was all about ya  
And me  
I never tried to complain  
Did everything that I've claimed  
It's not gonna work, it's just getting worse  
But always remember that

I loved you, I loved you  
I loved you, I loved you  
I loved you, I loved you  
I loved you, really really loved you  
Loved you, I loved you  
I loved you, I loved you  
I loved you, I loved you  
But now  
Go and fuck yourseeeelf!  
Go and fuck yourseeeelf!  
Go and fuck your seeeeeelf!  
Go and fuck your seeeeeelf!

Me I've seen it all so bitch please  
I went through all of your schemes  
You keep on making those scenes I've seen  
It seems that you've pulled all of my strings  
Harmony turned into screams  
No chemistry in this team so leave

You!  
Nothing in you was true  
I tried but I had no clue  
That you're a lying actor  
Drama master, it was all about ya  
And me  
I never tried to complain  
Did everything that I've claimed  
It's not gonna work, it's just getting worse  
But always remember that

I loved you, I loved you  
I loved you, I loved you  
I loved you, I loved you  
I loved you, really really loved you  
Loved you, I loved you  
I loved you, I loved you  
I loved you, I loved you

But now  
Go and fuck yourseeeelf!  
Go and fuck yourseeeelf!  
Go and fuck your seeeeeelf!  
Go and fuck your seeeeeelf!

Go! Go, bitch, leave me alone  
Fuck all that bullshit  
Go! Go, bitch, leave me alone  
Fuck all that, fuck, fuck all that  
Go! Go, bitch, leave me alone  
Fuck all that bullshit  
Go! Go, bitch, leave me alone  
Go and fuck yourseeeelf!  
Go and fuck yourseeeelf!  
Go and fuck your seeeeeelf!  
Go and fuck your seeeeeelf!
