

## He Said, She Said

After 7

Aw Randy ran what's up.  
We talkin bout girlies  
If you think you're wrong, then you know you're right  
Gettin into my business, just ain't satisfied  
Better stop dippin girl  
It don't become of you  
You got too much time on your hand oh baby

If your lovin me  
Keep on lovin me  
Don't let this silly girl distract you from me  
All she wants is  
To get you away from me, don't fall into that trap

He said, she said, we said, we don't need it  
He said, she said, we said we don't need it.

I know you want me  
But you can't have me  
My love is tied up with my girl right now  
You told her you saw me  
Just the other day, kickin it with the invisible woman

How could you try such a silly willy game  
The two of us we're not havin it no way  
My sweet heart is my only lover  
Don't play me like a sho nuff fool nooooo

(Aw Kevon here they come talkin that mess)  
(Wait a minute, can I say somethin,  
The girlie ain't got no business in my business)  
(that's right)

He said, she said, we said, we don't need it  
He said, she said, we said we don't need it.
