

Birch White

Agalloch

The birch tree in winter
Leaning over the secret pool
Is Narcissus in love
With the slight white branches
The slim trunk
In the dark glass
But
Spring coming on
Is afraid
And scarfs the white limbs
In green
The slim trunk
In the dark glass
But
Spring coming on
Is afraid
And scarfs the white limbs
The birch tree in winter
Spring coming on
Is afraid
And scarfs the white limbs in green
The birch tree in winter
Leaning over the secret pool
Is Narcissus in love
With the slight white branches
The birch tree in winter
Is afraid
And scarfs the white limbs
In green
