

Dethrone the Tyrant

Agathocles

Peacekeepers of the world?
just lies, the truth untold
USA is imperialist
fucking greedy tyrant fist

Killing and killing for a cause that's false
greedy fucking capitalists with their right-winged course
bought off media, a tool in their crusade
in their march of power, to spread their state of hate

Equality and freedom for us fucking all?
a bunch of hypocrite bull, they are watching us all
is this the fucking dream of the imperialist hole?
or a hellish nightmare, strangling the whole globe
