

Diary of White Trash

Agathocles

Nothing to do but watching my TV
I am on social walfare, work ain't just for me
foreigners are doing it, and that's OK with me
so I can wine and complain at the next ball of VB

I enjoy going to the pub to spread my views of hate
I'm not the one to blame, immigrants are, those apes
they take away my job, but I don't like work, no way
I'm white trash garbage and ignorance is my mate
