

More Than a Memory

Agnostic Front

I remember, I think about it every day
It was you that always gave me hope
Throughout my life, you always taught me to be brave
You made me who I am
Why did you have to go?

The years pass, I mourn you every day
It's so hard, even though you're in a better place
Your spirit lives, your spirit still gives me hope
But I can't let go, it's so hard to cope

Wish you were here with me
But you've been set free
And here I remain
With all of your memories

Without you here, there's a void that can't be filled
Never will it be the same
You are my angel, I think about you every day
You're always in our hearts
That's where you'll stay

Wish you were here with me
But you've been set free
And here I remain
With all of your memories

Never - you'll never be forgotten
Never - never forgotten

You meant the world to me now you're free
Mother, you know that I believe you are with me
In life and death we are family
More than a memory

Your memory will never be forgotten
You'll never be, never be forgotten
Your memory will never be forgotten
Your memory will always live with me
