

## Only In America

Agnostic Front

Risk their lives for us all  
And the government lets them fall  
No help at the VA  
When will they have their say?

Only in America  
Our veterans deprived  
Only in America  
The soldiers left to die

Sent to fight in a foreign land  
Come home with nothing in hand  
Homeless with nowhere to go  
It's unbelievable

Only in America  
Our veterans denied  
Only in America  
The soldiers left behind

Only in America  
Our veterans deprived  
Only in America  
The soldiers left to die

Land of the free, home of the brave  
They fought for freedom  
But now they're treated just like slaves

Only in America (2x)
