

From the Cradle to the Grave

Agonizer

When the Darkness takes the light of the day away
And the black moon starts to rise
When all the waters turn red
just remember what i said
There is no place where you could hide

I will make you taste the pain
I will take your life away
I will set your spirit free!

This is your destiny
Death want's to set you free
Pain is the only thing
You'll ever gonna feel

I am the one who takes the light
of the day away
And make's the sky turn black
From the cradle to the grave
It is the only way
This is the end, you can't turn back

I just want another try
I don't yet wan't to die
I just wan't to live my life...without pain

Death is your destiny
I wan't to set you free
Hate is the only thing
You'll ever gonna feel

Let me make a final wish:
Just one small, but killing kiss
Then bury me into the mist

Death is your destiny
I wan't to set you free
Hate is the only thing
You'll ever gonna feel
