

Sliced in,
Pierced through
Penetrated my skin

Faint heart
Gives in
To the fear of leaving

I know,
I should be a part of what was ours
I know,
There's nothing better than you are

Paid for
All sins
So I must be forgiven
Painful
Is this
For you I know

Leave me
Alone and let me go free
I don't
Own you and you don't own me

Let me tell the things are never what they seem
I don't want to be the one that let you sleep
Through all the good that world is and has always been

Let me tell the things are never what they seem
I don't want to be the one that let you sleep
Through all the hatred, the war
