

Sacrilege

Agonoize

What have you done to religion?
What have you done it's grotesque
It's like ascension against god.
What have you done, what have you done?

Who do you think is sacred.
What do you think is impure.
Your idol stands get rusty.
Nothing in life is for sure.
Don't feel ashamed, don't take the blame.
Just keep your smile and up the pain.

Sacrilege.
Sacrilege.
Sacrilege.

Sacrilege
Don't feel ashamed, don't take the blame.
Sacrilege
Just keep your smile and up the pain.

Sacrilege
Sacrilege

What have you done to religion?
What have you done it's insane.
It's like spitting in the face of god.
What have you done, what have you done?
Don't feel ashamed, don't take the blame.
Just keep your smile and up the pain.

You failed god.
You failed god.
You failed god betrayer!

Sacrilege
Don't feel ashamed, don't take the blame.
Sacrilege
Just keep your smile and up the pain.
Don't feel ashamed, don't take the blame.
Just keep your smile and up the pain.
