

# I Know There's a Word

Aimee Mann

I know there's a word for this  
I know there's a word for the way I'm feeling  
I know there's a word for this  
I know it, and it's on the tip of my tongue  
And it won't go any further.

I know there's a word for this  
I know, 'cause it's in the dictionary  
And when I find what it is  
I'll write it down in case it comes up again  
I'll be certain to avoid it.

So, take this down,  
I just feel so beat  
And I think it's time  
To admit defeat  
I thought I got mine  
But that uphill climbing  
Is never through.

I know there's a word for this  
I know 'cause we've all at sometime said it  
Like when we were little kids  
We'd fight each other 'til someone would give in  
And you'd make him tell you 'uncle'.

So, take this down,  
I just feel so beat  
And I think it's time  
To admit defeat  
I thought I got mine  
But that uphill climbing  
Is never through.
