

## The Beast Within (single version)

Aina

Pulse and rage within my veins  
Oh, Mother Night, fulfil me  
Thick and black my will remains  
Oh, Mother Night, come thrill me  
The foulest deeds no man can think  
Oh, Mother Night, you teach me  
The darkness calls and breeds the stink  
Oh, Mother Night, you reach me

Then heed the calling of the dark  
And feed the Beast within  
Your willingness will leave it's mark  
And then the Beast will win  
Horrid beings worship me  
Oh, Mother Night, I love them  
They give me power that I need  
Oh, Mother Night above them  
My strength is growing here within  
Oh, Mother Night, you read me  
And Sorvahr brims beneath my skin  
Oh, Mother Night, they need me

Naschtok brutah'k goh sha turh  
Trahol Sorvahr kop da furh! (2x)

(All bow down to Naschtok  
Hail to Sorvahr, to imminent destruction!)

I feel the change  
It's taking place  
No one shall dare  
To challenge me!

Pulse and rage within my veins  
Oh, Mother Night, fulfil me  
Thick and black my will remains  
Oh, Mother Night, come thrill me

[Chorus]
