

## Hold On

Akcent

Hold on to her love  
Don't let go  
Hold on to her dreams,  
Dreams and hopes baby  
You fight with me, This destiny

Every fear, every cry was in vein  
Every smile, always lost  
If you leave baby, you're losing me and us  
Ooooooooooh

Just hold on the memories in your heart  
listen to the silence  
Hold on bring my love tonight  
Hold on to me my baby (2x)

Hold on to our love,  
Don't let go  
Hold on to our dreams,  
Dreams and hopes baby  
You fight with me, This destiny

Every fear, every cry was in vein  
Every smile, always lost  
If you leave baby, you're losing me and us  
Ooooooooooh

Hold on the memories in your heart  
Listen to the silence  
Hold on bring my love tonight  
Hold on to me my baby (2x)

Just hold on the memories in your heart  
Listen to the silence  
Hold on bring my love tonight  
Hold on to me my baby

Hold on to me my baby...
