

Breaking Silence

Akercocke

Sisters of the precious blood
Confined to cloisters
Know the flesh of your sisters
Handmaids of christ
Find sapphic self
Awaken dormant power
Between the legs
Manipulate crucifix
To masturbate and penetrate
Find sapphic self
Awaken dormant power
"Mary - sweet mother
Gentle protectress
Neverending font of nurturing"
God compels the chosen through centuries of silence
She sheds like skin
When novitiates kiss her breasts
Break this oath of silence
Stifled desires
Resurrect dead senses
With tongues that
Taste and tease cunt
[Solo- P.S.]
God compells the chosen
Through centuries of silence
