

The day breaks, it's broken  
And time comes undone  
Standing still's the sun

I'm leaving this evening  
But first night must come  
Standing still's the sun

I am waiting under the sun  
I am waiting for my time to come

I'm walking in circles that gradually grow  
Still sunlight glows

On bridges  
Past churches  
Through fields I have roamed  
Stillness 'round me glows

I am waiting under the sun  
I am waiting for my time to come

Come away now  
It's time to begin  
Come away now  
I'm coming, my friend  
Come away now  
We've all seen the end  
Come away now  
Oh, I'm coming, my friend

When is time going to change?  
I'm ready
