Akron/Family

One ...sweet, begin to see
On my own, on my own
Eyes wide and everything
On my own, on my own
Why it's so hard to breathe
On my own, on my own
On the road away we breathe
On my own, on my own, whoa
One ...sweet, begin to see
On my own, on my own
Summer burn all the curses clean
On my own, on my own
Why it's so hard to breathe
On my own, on my own
On the road away we breathe
On my own, on my own, whoa
While all under that came upon
Across the expands, sleep a silent
Live a dark way, you're an island
When we question, ...
We took the time laying
We took the time laying
We took the time laying
We took the time laying
We took the time laying
We held fast, we held strong
We held on
We held fast, we held strong
We held on
