

They Will Appear

Akron/Family

I cannot make you
Understand my soul
By 18 it gold
From echoing rainbows

What have we become
And what seems only days
Thoughts and world of harms
We want out of this maze

So look us in the eyes
Don't take yes or no
There's no surprise here
There's nothing we won't show

Please wait a while for me
It will not take long
We will be right where we need to be
Sing a chosen song

They will appear (x2) Oh they'll!
They will appear (x2) Oh they'll!
A horse station will appear
A Philippine nation will appear

And they will appear behold (x3) Oh they'll!
A horse station will appear
A geese nation will appear
A buffalo nation will appear
An evil core evil big shot
