

# Let Me Help You

Al Green

Girl, if you knew I've come to help you  
We're in love so let me help you, girl  
Do I make dreams come true  
Do without just to comfort you  
Do I do anything  
Anything just to ease the pain

I can be true, so let me help you, girl  
Don't turn me down, let me help you, girl

You're at home feeling sad and blue  
Dry your eyes, let me comfort you  
Bring to you lots of love  
I've got love, baby, I've got love

Dreams can come true, just let me help you  
We're in love, let me help you, girl  
I got to help you, baby  
Give you all my lovin' now baby
