

# Let's Get Married

Al Green

Sitting here  
Wasting my time for you  
And I'm not too crazy  
About the idea  
Of having nothing to do

I'm tired of playing around  
A girl in every town, oh  
I wanna settle down  
And stop fooling around

(Let's get married)  
I've got to stop fooling around  
(Let's get married)  
Stop fooling around

(Let's get married)  
You don't believe me  
But I want to stop fooling around  
(Let's get married)

Let me say  
I didn't mean to say  
All the things I said  
Oh, Lord  
The way I felt in my heart  
It came out that way  
Let me tell you one thing  
Don't wanna say anything  
To drive you away  
Let's get married today

(Let's get married)  
Hey, hey, hey  
(Let's get married)  
(Let's get married)  
All right  
(Let's get married)  
Let's get married today

Might as well  
Might as well

'Cause gonna take you  
In my arms and hold you  
Take you in my arms  
And squeeze you  
And take you in my arms  
And love you every night  
Just make everything  
All right, all right  
I wanna soothe you, baby  
Let me soothe you, baby  
I can soothe you, baby

I can wipe all your tears away  
Uh huh, wipe all your tears away

Wipe all your tears away  
Wipe all your tears away  
Hey, hey, hey  
You don't believe me  
Ow, ow, ow  
Ow, ow, ow  
Let's get married today  
Found out, I don't love nobody anyway
