

Abide With Me

Alabama 3

I should've sent you some flowers
I should've sent you a card
Reminding you that I remember,
when you used to hold me in your arms

I drank too much Summer wine
I murdered every moonlight mile
I shot the piano player
Don't ask me to sing
Don't ask me to sing

Abide with me
Abide with me
Abide with me
Sing it one more time

Sing it one more time

Forgot about your birthday
And every anniversary that left you blue
Could've should've remembered
All the times you needed me
to hold you too

Don't you ask me to sing
Don't ask me to sing
Abide with me
Sing it one more time
