

Rocky Road

Alborosie

Rocky road....

Rocky road...

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

Leaving you behind if you can't stand the pace

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

So live your life to the fullest yow, yow

First you learn how to walk, then you learn how fi talk

And everything around you is brand new

Primary school is a blast time just moving fast

You just a toddler, mama watch over you

And from the tricycle to bicycle

To shooter, then the popsicle

Daddy clear all obstacles

You feeling so untouchable

You pure and pure love inna your heart

Heart of a child is a Kingdom of Jah

A bare cartoons and a lullaby

and Roger rabbit and Popeye

and Spiderman and Super why

dancing crazy inna your mind

The world is too big to be kicked like a ball

You have time to go peep over the wall

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

Leaving you behind if you can't stand the pace

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

So live your life to the fullest I sey yow, yow

So you start go to college

But the rude boy and books it's a cultural damage

Youth is a challenge

Friends over knowledge

Rum over porridge

But seh you glad, seh she get a miscarriage

Young if fool and fool is brave

And brave till death stares right in your face

Only you to be blame and mama told you from when

Move from the ends and bad friends

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

Leaving you behind if you can't stand the pace

Rocky road, a rocky road

Life is a cycle, there's no time to waste

Life is a rocky road, a rocky road

So live your life to the fullest yow, yow

For everything there is a season and a time for every matter
A time to be born and a time to die
A time to plant and a time to pluck up what its planted
A time to kill and a time to heal
A time to break down and a time to build up
A time to weap and a time to laugh

Now you teach him how fi to walk, now you teach him how fi to talk
And all the things them that you learn from you a youth
Fifty candles blow off, memories makes you laugh
Your grand pickney jumping all over you

You buy him a tricycle, the bicycle
You soothe him with the popsicle
Life it's all a cycle; it's written inna the Bible
The longes liver live to see the most
Live for today cause tomorrow not a must, well

Rocky road, a rocky road
Life is a cycle, there's no time to waste
Life is a rocky road, a rocky road
Leaving you behind if you can't stand the pace
Rocky road, a rocky road
Life is a cycle, there's no time to waste
Life is a rocky road, a rocky road
So live your life to the fullest yow, yow, yow, yow
