

Dark Day for My Soul

Alcatrazz

They say you broke a million hearts
They say you'll take this world apart
One of that million was me
But I don't know what it's like coz I can't
Break free from your spell
(Then again)
Do you believe me now
We could have had it all
If we only took our time

There's a new moon shining
I'll keep playing for you
With a new day dawning
Let's buckle up
We'll take our luck
And leave this world behind

You said that you would rule my world
I can't forget ya
I think I'll let ya
You said that you would steal my soul
All I'm asking
Please be tender
You said that you would rule my world
How can I get ya?
How can I let ya?
If you're gonna curse me again
Please believe
It is a dark day for my soul

They say you broke a million hearts
They say you'll take this world apart
One of that million was me
You don't know what it's like

There's a new moon shining
I'll keep playing for you
With a new day dawning
Let's buckle up
We'll take our luck
And leave this world behind

You said that you would rule my world
I can't forget ya
I think I'll let ya
You said that you would steal my soul
All I'm asking
Please be tender
You said that you would rule my world
How can I get ya?
How can I let ya?
If you're gonna curse me again
Please believe
It is a dark day for my soul

We slip away in the morning

You said that you would rule my world
I can't forget ya
I think I'll let ya
You said that you would steal my soul
All I'm asking
Please be tender
You said that you would rule my world
How can I get ya?
How can I let ya?
If you're gonna curse me again
Please believe
It is a dark day for my soul
