

Dirty Like the City

Alcatrazz

He met her at a party
A silhouette so perfectly formed
Her voice flowed like a sonnet
A noble profile proud and strong

Could have been a debutante
Had he met her at a stately home
But he was in for a big surprise
When airs and graces were gone

Dirty
Dirty like the city
She was dirty
Dirty like the city

She was classic act
With a thousand curtain calls
Every man she met was weakened
As she grabbed them by the balls

He knew it was competition
With suiters left and right
He knew he had to make a move
Before he started a fight

She's dirty
Dirty like the city
Dirty, dirty, dirty
Just like the city
Dirty girl
You're dirty like the city
Yes you are
Dirty, dirty, dirty girl
Dirty like the city

Oh, like I've never done this before in my life

He knew he had to make a move
But someone started a fight

She is dirty
Just like the city
Dirty
Dirty like the city
She was dirty
Dirty like the city
She's just dirty like the city
City
