

Guardian Angel

Alcatrazz

You stand alone in
Hallowed halls so empty now
The memories of golden days long gone
You feel the same but time's
Cold hands caress you now
As the dreams you made lie
Crushed upon the ground
Keep your faith through the silence
Keep the home flies alive

Lady of Grace
Let me be your guardian angel
Reach out
We will walk the lovely shore
Lady of Grace
Let me be your guardian angel
Tonight
Make it last forevermore
Tonight

Dry your eyes no need to
Fight the tears that fall
Spare a heart that's lost in yesterday
Nothing's gone, tomorrow's but a wish away
So take my hand we'll walk towards the sun
Keep your faith in tomorrow
Keep a place in your heart
For me

Lady of Grace
Let me be your guardian angel
Reach out
We will walk the lovely shore
Lady of Grace
Let me be your guardian angel
Tonight
Make it last forevermore

Lady of Grace
I will be your guardian angel
Reach out
We will walk the lovely shore
Lady of Grace
I will be your guardian angel
Tonight
Make it last forevermore
Tonight
