

Is That For Me

Alesso

Is that for me?

Ooh, come a little bit closer
Come and get a little piece of mine, yeah
Let me take over
Nothing wrong with feeling right
I know, but be selfish
It's getting late, look at the time
Been thinking about it all day
What we're gonna do about it tonight

Up against the wall, up against the wall
No holding back now
No tearing up now
No turning back now
Catching feelings now, catching feelings now
Let's go away now
Oh, see what it taste now
Wanna know now

Is that for me?
Is that for me?
Is that for me?

Ooh, let me back up on it
Hold on we're going for a ride, yeah
Ready? Know you want it
Know you wanna take all my time
But you get this static
Gotta gimme, gimme what I like
Been thinking about it all day
What we gon' do tonight?

Up against the wall, up against the wall
No holding back now (oh no)
No tearing up now (oh no)
No turning back now
Catching feelings now, catching feelings now
Let's go away now
Oh, see what it taste now
Wanna know now

Is that for me?
Is that for me?
Is that for me?

Is that for me?
Is that for me?
Is that for me?
