

Other Ladies

Alex Cameron

Here I am in old Agoura
At this lonesome Holiday Inn
But I ain't got no money
And I ain't got the time
To be free

I don't even need those other ladies
I don't need to make up my mind
If it's plain to see
What you have done to me
Then baby
I don't understand what we're waiting for
I don't understand what we're waiting for

I been working like you told me
Pitching shoes to nbc
But that old Tim Allen ain't the way he used to be
It's not for me, TV

I don't even need those other ladies
I don't need to make up my mind
If it's plain to see
What you have done to me
Then baby
I don't understand what we're waiting for
I don't understand what we're waiting for

Now I'm headed down the highway
I'm gonna let you scroll right through my phone
Cause there ain't nothing to see
But pictures of Miami
From now on
It's you and me

I don't even need those other ladies
I don't need to make up my mind
If it's plain to see
What you have done to me
Then baby
I don't understand what we're waiting for
I don't understand what we're waiting for
