

# I'm Here Too

Alex G

Don't speak  
If it's not who you are  
If you ask me  
I'd prefer to see your scars  
You're free  
Of everything they said you were  
Trust me  
I was there beside you

'Cause they're wrong  
You're much more than they've let on

So say it  
Even if you're shaking  
Let it thunder out of you  
Even if it hurts  
And wake it  
The voice that doesn't fake it  
Let it tell your story  
And save the ones who hear  
'Cause I'm here too  
Too

Don't smile  
If cry is what you gotta do  
You're not a child  
And I'm learning what that looks like too

'Cause I've been where you've been and  
I'm not proud  
Yeah, I've done what you did but  
Look at us now, uh

So say it  
Even if you're shaking  
Let it thunder out of you  
Even if it hurts  
And wake it  
The voice that doesn't fake it  
Let it tell your story  
And save the ones who hear  
'Cause I'm here too  
Too

You're not, you're not  
What you thought you were  
I know, I know  
I've been there before

And I've been there, so  
Say it  
Even if you're shaking  
Let it thunder out of you

So say it  
Even if you're shaking  
Let it thunder out of you

Even if it hurts  
And wake it  
The voice that doesn't fake it  
Let it tell your story  
And save the ones who hear  
'Cause I'm here too
