Alex Gaudino

He gives me fever
A guy like him is always on I need a breather
My sex achiever but I don't wanna get him out of my mind
He is so magnificent
One look at him can make you scream
It's like a dream, it can't be real
He is so magnificent
And I can't breathe, I'm trembling
He's like a drug, my medicine
No oh I'll never give up on you baby
'Cause no one else can drive me oh so crazy
No oh I'll never give up on you baby
Never ever gonna give up

Can I search you
Think I got a pair of handcuffs waiting for you
I wanna search you
I may just tie you up and leave the door locked
He is so magnificent
One look at him I feel a steam
It's like a dream, it can't be real
He is so magnificent
And I can't breathe, I'm trembling
He's like a drug, my medicine

There's an arrow in my heart
I'm in trouble, trouble oh
I know who put it in there
Now I'm alone
