

Shake You Up

Alexia

Every time when I'm feeling blue
I look inside me and I remember you
Every time when I'm feeling blue
I remember you
Some words in my mind
Talk about it all time
Again and again
And they just make me cry
Oh baby, come on
Before you give up and go
Could you believe in love?
Bad words and good times
In my mind don't survive
Again and again
And they just make me die
Oh baby, come on
Before you give up and go
Do you believe in love?
Baby, I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart?
Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give up
Baby, I wanna shake you up
Come on, baby, shake you up
All I want is another way
Baby, I wanna shake you up
Oh my baby, shake you up
All I need is another say
Sometimes on my mind
I remember those times
Again and again
And they just tell me lies
Oh baby, come on
Before you give up and go
Could you believe in love?
Bad words and good times
In my mind they revive
Again and again
And they don't say, "Goodbye"
Oh baby, come on
Before you give up and go
Do you believe in love?
Baby, I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart?
Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give up
Every time when I'm feeling blue
I look inside me and I remember you
Every time when I'm feeling blue
I remember you
Baby, I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart?

Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give up
Baby, I wanna shake you up
Come on, baby, shake you up
All I want is another way
Baby, I wanna shake you up
Oh my baby, shake you up
All I need is another day
Every time when I'm feeling blue
