

## Don't Try This At Home

Ali Campbell

Don't try this at home sitting all alone  
Spending all your time being on your own  
Don't be on that phone with that dialling tone  
Calling on your friends cause their not alone  
Don't be on that phone its a danger zone  
Calling round pretending that your not not alone

(Katie)

If your all alone you can call on me  
You can knock my door for some company  
If your all alone fundamentally you ain't got nobody

(Ali)

Don't try this at home sitting all alone  
Spending all your time being on your own  
Don't try this at home or believe you me  
Everything ain't true you see on your tv  
Are they friend or foe or are they enemy  
If seeings believing i don't believe what I see

(Katie)

If your all alone you can call on me  
You can knock my door for some company  
If your all alone fundamentally  
you ain't got nobody

(Ali)

Don't try this at home sitting all alone  
Spending all your time being on your own  
Don't try this at home

As someone who knows  
Trying to get high  
Leads to lonely lows  
Its bad to de bone  
Its a no go zone  
You don't notice that  
It's as cold as stone

(Katie)

If your all alone you can call on me  
You can knock my door for some company  
If your all alone fundamentally  
you ain't got nobody
