Gotta Get Away

Ali Campbell

This feelins so strong
That something is wrong
I've been waiting here for ages
But Its taking too long
I gotta get away
Take a holiday
Take myself away
From reality
[Chorus]
Gotta get away
Take a holiday
From everything thats buggin me
What I say
I gotta get away
From the poverty
Find myself a better place
I can't tell a lie
I need to get high
I've been living in the gutter
For so long I could cry
I need to get away
Take a holiday
Take myself away
From reality
[Chorus]
I gotta get away
From reality
From everything thats buggin me
What I say
I gotta get away
From the poverty
I'll find myself a better day
My feet feel like lead
I can't lift my head
I'm so empty in my belly
Did you hear what I say
I gotta get away
Take a holiday
Take myself away
from reality
[Chorus 2x]
I gotta get away
Take a holiday
From everything thats buggin me
What I say
I gotta get away from the poverty
I'll find myself a better day
I gotta get away
From the poverty
I'll find myself a better day
I gotta get away
Take a holiday
