

# Out From Under

Ali Campbell

Breath you out, Breath you in,  
You keep coming back to tell me, you're the one who could have  
been  
And my eyes see all so clearly, it was long ago and far away bu  
t it never disappeared

I tried to put it in the past,  
Hold on to myself and don't look back  
I don't wana dream about, all the things that never were,  
Baby I can live without and I'm out from under.  
I don't wana feel the pain, what good would it do me now,  
Get it all figured out,  
And I'm out from under.

So let me go, just let me fly away  
Let me feel the space between us grow deeper and darker every d  
ay,  
Watch me now, and now someone knew your heart will be unbroken,  
It will open up for everyone to choose,

Even when I cross the line, it's like a lie I told a thousand t  
imes,  
I don't wana dream about, all the things that never were,  
Baby I can live without and I'm out from under  
I don't wana feel the pain, what good would it do me now,  
Get it all figured  
And I'm out from under.

Part of me still believes, when you say, you goner stick around  
,  
And Part of me still believes, we can find a way to work it out  
,  
But I know that we tried everything we could try,

So let just say Goodbye, Forever.  
I don't wana dream about, all the things that never were,  
Baby I can live without and I'm out from under  
I don't wana feel the pain, what good would it do me now,  
Get it all figured out,  
And I'm out from under.
