

Know Me

Ali Gatie

Tell me why you acting like you know me
We both know that you know the old me
We both know that we ain't hommies
You see me balling like I'm Jordan
You see me balling now you calling
Yeah I'm balling I be balling like I'm Kobe
Yeah Tell me why you acting like you know me
We both know that you don't know me
We both know you know the old me

When I was working
You were chilling at the parties
While I was thinking
You was sipping on bicardi
Yeah I was bussing
Now I'm whipping Maseratis
Now u come back
Tryna be my shawty

Can't lie lately I don't think about you
Had to cut all snakes yeah I had to
When I cut all the fakes then I found u
Knew you was fake now I gotta live without

Knew you was fake but so was everybody else
Did it on my own I had to do this by myself
Remember living cheque to cheque
I remember I would stress
Stressing about the money never saw what's coming next

I remember living cheque to cheque now I check if I'm dreaming
Money in the bag now I check I couldn't believe it
Lies all the time everybody be deceiving
YEAH

Tell me why you acting like you know me
We both know that you know the old me
We both know that we ain't hommies
You see me balling like I'm Jordan
You see me balling now you calling
Yeah I'm balling I be balling like I'm Kobe
Tell me why you acting like you know me
We both know that you don't know me
We both know you know the old me

Now I got best friend
But his name be beninjmen
I be counting benjimNs
Taste the money cinnamon
Who's better send him in
Who's better think again?
Tryna be a boss
Tryna live like a president
From tryna get 100 fans
To tryna get 100 bands
Yeah I want a 100 thou
Waving at me in the crowd

Just to make my mama proud
I been working on the sound
Told her Ima be a king
Just wait till I get a crown

Wait till I'll be on my throne
I kno that it's taking long
Mama stressing bout the bills
Told her you don't stress alone

Told her mama I'll be on
All the stressing gon be gone
I swear I be working hard
That's why I ain't never home

That's why I'm never home
Latley I been in my zone
Now you tryna come back
Act like you really know
Act like you really know

Tell me why you acting like you know me
We both know that you know the old me
We both know that we ain't hommies
You see me balling like I'm Jordan
You see me balling now you calling
Yeah I'm balling I be balling like I'm Kobe
Tell me why you acting like you know me
We both know that you don't know me
We both know you know the old me
