

I'm Flash

Alice Cooper

I'm Flash, I'm the hero
I'm the bopper who's the poppa of the crew
I'm Flash, and I fight evil
And my spaceship flies the red, white and blue
I'm Flash, like a streaker
You'll find me cruising out among the stars
And I'm feared by every outlaw
And every renegade from Jupiter to Mars
The jails are full in Saturn and I can tell you why
'Cause I'm the full-blasting, protoblasting hero of the sky
On Mars the smugglers starve no matter what they try
'Cause I'm the everlasting, flabber-
ghasting guy who's flying high
I'm Flash, yeah, I'm the hero
From the starspangled U.S of A
I believe in packin' punchin' power
And hitting fast 'cause that's the only way
I'm Flash
I'm Flash, and I'm a mover
My spaceship glides at twice the speed of light
I'm Flash, and I'm a He-Man
I'm a six foot one inch block of dynamite
I'm Flash, in shining armor
And I love to rescue damsels in distress
And my wave length is always open so I can answer any call of S
.O.S
I've been in trouble of the worst kind ever since I left the wo
mb
I'm a death defying, terrifying spotlight in the gloom
When you see me coming, boys, just give me lots of room
'Cause I'm the liquifying, crucifying harbinger of doom
I'm Flash, I'm the hero
I'm the bopper who's the poppa of the crew
I'm Flash, and I fight evil
And my spaceship flies the red, white and blue
You know, my spaceship flies the red, white and blue
I said, my spaceship flies the starspangled red, white and blue
I'm Flash, spelled F L A S H
