

# Love's A Loaded Gun

Alice Cooper

- Gmi F C Csus4**  
1. Somebody saw you at the station  
**Gmi F C Csus4**  
You had your suitcase in your hand  
**Gmi F C Csus4**  
You didn't give no information  
**Eb F Gm**  
You walked off with another man  
**Gmi Fsus4 C Csus4**  
I'm alwaays standing in the shadows, baby  
**Gmi Fsus4 C Csus4**  
I watched you ugive yourself away  
**Gmi Fsus4 C Csus4**  
You take them home into your bedroom  
**Eb F Gm**  
You had another busy day
- Eb F**  
I tried to look the other way and fake it  
**Eb**  
You push me to the limits  
**F**  
I can't take it
- Gmi C**  
R: One down, one to go  
**Eb F**  
Just another bullet in the chamber  
**Gmi C Eb B F**  
Sometimes love's a loaded gun
- Gm C**  
Red lights, stop and go  
**Eb F**  
Whatcha gonna do when you play with danger  
**Gm C B F**  
Sometimes love's a loaded gun  
And it shoots to kill
2. Someday they'll put me in a squad card  
Someday they'll throw away the key  
But 'til that day I'll be a mad dog  
Cuz that's what you taught me to be
- You looked into the eyes of men above you  
I ws the one who really tried to love you
- R: One down...
- Pull the trigger
- I tried to look the other way and fake it  
You know, you push me right to the limit  
I can't take it
- R: One down...

Somebody saw you at the station
