

## Sideshow

Alice Cooper

I ain't got no fun today  
It's just like yesterday, oh yeah  
Only different shades of grey  
I'm bored right out of my skull  
I'd have to get high just to be dull  
I'm institutional  
My TV screen spins around and around  
And around and around

(I need a sideshow)  
I need a sideshow  
(Some kinda creepshow)  
Some kinda creepshow (oh yeah)  
Ooh yeah  
They ran the circus out of town  
But the ring master said "Boy, you can  
stick around"

I pay to see the freaks  
Some finger lickin' chicken-eating geek  
Hey, that sounds cool to me  
I just want to step inside  
I want a scary ride, oh yeah  
See Jeckyll turn to Hyde  
I feel my head spinnin' round and around  
And around and around

(I need a sideshow)  
I need a sideshow, oh yeah  
(Some kinda creepshow)  
Some kinda creepshow, oh yeah  
(Sideshow)  
I just want someplace to go, oh yeah  
I tried to be the circus clown  
But even my monkey wouldn't hang around

And the hunchback midget and his twisted friends  
Offer me a world of thrills that never end

I need a sideshow, oh yeah  
Some kind of freaky show, oh yeah  
(Sideshow)  
Down where the neon glows  
Just like a psychedelic video  
Or a 24 hour party, go go go  
Not a 90210, no  
I need a sideshow  
I'm runnin' my private sideshow
