

## Cut The Crap

Alice in Videoland

Hey, come on, cut your crap  
Get it on, I'm kicking back  
You've got to, hah hah  
To give it to me baby  
Don't you stand over there  
Be a man if you dare  
You've got to, hah hah  
To treat me like a lady

I love the way you like me,  
the things you say about me  
I like you looking pretty  
Though I look like hell  
I like it when you miss me  
I like it how you kiss me  
I like you looking after me  
Though all is well

Let's stay in bed all day long, I say  
We can do it all in every way  
'cause I like it just the way you like it  
ooOOOooh!

Hey, come on, cut your crap  
Get it on, I'm kicking back  
You've got to, hah hah  
To give it to me baby  
Don't you stand over there  
Be a man if you dare  
You've got to, hah hah  
To treat me like a lady (x2)

You know my every action  
My different reaction  
You know what gets me going  
And what pisses me off  
You know I'm not the soft kind  
I do what's on my own mind  
But suddenly it seems  
Like I can't get enough

Let's stay in bed all day long, I say  
We can do it all in every way  
'cause I like it just the way you like it

Hey, come on, cut your crap  
Get it on, I'm kicking back  
You've got to, hah hah  
To give it to me baby  
Don't you stand over there  
Be a man if you dare  
You've got to, hah hah  
To treat me like a lady (x2)

Like a lady  
ooOOOooh!
