

## 2 Kids

Alice Merton

(2 kids)

(2 kids)

I met you at a bus stop  
Told me your name  
Said you wanna make it big  
Wanna play in the game  
Well I never really thought much of it back then

Dinners and days  
Took our lives to shape  
We built the halls  
Didn't know if they'd stay  
Well I never saw you quit not now not back then

And you stayed by me  
When the storms came down and the fear got real  
You stayed by me  
And all we'll ever be is

2 kids (2 kids)  
Makin' our way through this great big city  
2 kids (2 kids)  
Watchin' the lights  
Cause they look so pretty  
2 kids  
I never would've guessed we'd end up like this  
Oh oh oh  
I never would've guessed it

Like brother and sister we kept so tight  
Didn't let the others try to change our minds  
We never let them win  
Not now, not back then

When the going got rough and the pain felt strong  
I cried inside but you stayed so calm  
And you never let them win  
Not now, not back then

And you stayed by me  
When the storms came down and the fear got real  
You stayed by me  
And all we'll ever be is

2 kids (2 kids)  
Makin' our way through this great big city  
2 kids (2 kids)  
Watchin' the lights  
Cause they look so pretty  
2 kids  
I never would've guessed we'd end up like this  
Oh oh oh  
I never would've guessed it

All the boxes and the stage lights  
All the words and all the late nights

All the faces, all the silence  
All the panic, all the cryin'

I met you at a bus stop  
Told me your name  
Said you wanna make it big  
Wanna play in the game

Oh I met you at a bus stop  
Told me your name  
Now you're like a brother  
Now you're playing the game

And all we'll ever be is  
2 kids (2 kids)  
Makin' our way through this great big city  
2 kids (2 kids)  
Watchin' the lights  
Cause they look so pretty  
2 kids  
I never would've guessed we'd end up like this  
Oh oh oh  
I never would've guessed it  
Oh

All the boxes and the stage lights  
All the words and all the late nights  
All the faces, all the silence  
All the panic, all the cryin'

I met you at a bus stop  
Told me your name
